

DOG VOTE RESULTS - May 22nd, 2014

From the President

The votes were tallied and the majority of the building has decided that no dogs shall be allowed. This issue is now closed and the Park Lane Board, including myself, does not want to hear ever again that we “hate dogs,” are “dictators,” or that we are “unfair”. Also, if anyone for a moment, thinks the voting was rigged, then you must be new to the building and do not know me at all. I was the one who decided that this issue be put to a building wide-vote once and for all. Truthfully, I was tired of this issue.

Now, anyone who has a dog already, will not be allowed to replace the animal when it passes.

In addition, visitors who have dogs should leave them at home, as they are not permitted into the building.

We are adapting guidelines based on The American Disabilities Act and The Fair Housing Act should “Service Dogs” for physical or emotionally handicapped people be required. We will not tolerate any fraud on this issue. Proper documents and/or a service license will be required.

Please, should you decide to sell or rent your unit, we ask that you inform any prospects about this new building- wide decision.
